Material Safety Data Sheet

StoLevell Novo

1. IDENTIFICATION OF THE SUBSTANCE OR MIXTURE AND OF THE SUPPLIER

Product name: StoLevell Novo
Recommended use: Dry Mortar for Coating
Company details: Stoanz Ltd
Address: 72 Abel Smith Street, Wellington, New Zealand
Telephone number: +64 4 801 7794
Emergency telephone no: Nation Poisons Centre, 0800 POISON, 0800 764 766

2. HAZARDS IDENTIFICATION

Hazard classification: Non Hazardous according to NZ HSNO Regulations.
Not regulated under NZS5433 for land transportation.

Hazard statement code:
- H315: Causes skin irritation
- H318: Causes serious eye damage
- H319: Causes serious eye irritation
- H335: May cause respiratory irritation

Prevention statements:
- P261: Avoid breathing dust/fumes/gas/mist/vapours/spray.
- P270: Do not eat, drink or smoke when using this product.
- P273: Avoid release to the environment.
- P280: Wear protective gloves/protective clothing/eye protection/face protection.

Response statements:
- P301+330+331: IF SWALLOWED: Rinse mouth. Do NOT induce vomiting.
- P302+352+361: IF ON SKIN: Wash with plenty of water. Take off immediately all contaminated clothing.
- P305+351+338: IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses if present and easy to do – continue rinsing.
- P304+340: IF INHALED: Remove person to fresh air and keep comfortable for breathing.

Storage:
- P401: Store in original container

Disposal:
- P501: Dispose of contents/container to authorised chemical landfill or if organic to high temperature incineration

3. COMPOSITION/INFORMATION ON INGREDIENTS

Description: Cementitious and calcareous factory-made mortar.
Material Safety Data Sheet

StoLevell Novo

Prepared Date: 03.12.2014
Review Date: 16.12.2015

Component | CAS Number | Content
---|---|---
Portland Cement | 65997-15-1 266-043-4 | ≥20 - <30
Calcium Hydroxide | 1305-62-0 215-137-301-2111975151-45-XXXX | <5 - <10
Quartz (particle of sand <12 μm less than 1%) | 14808-6067 238-878-4 | ≥30 - <50

4. FIRST AID MEASURES

Description of necessary first aid measures:
In the case of accident or if you unwell, seek medical advice immediately (show the label where possible).
Never give anything by mouth to an unconscious person. If unconscious place in recovery position and seek medical advice.

Workplace facilities required instructions:
- **Inhalation**
  Move to fresh air.
  If symptoms persist, call a physician.
- **Skin Contact**
  Take off all contaminated clothing and shoes immediately.
  Wash off immediately with soap and plenty of water.
  Wash clothing before reuse
  If skin irritation persists, call a physician.
- **Eye Contact**
  Remove contact lens.
  Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.
  If possible, use isotonic eye rinse solution (e.g. 0.9 NaCl).
  DO NOT rub affected area.
  Consult a physician.
- **Ingestion**
  Rinse Mouth.
  In conscious, drink plenty of water.
  DO NOT induce vomiting.
  Obtain medical attention.

Notes for medical personal:
- **Symptoms**
  Skin contact may provoke the following symptoms: May cause skin irritation and/or dermatitis.
  Risk of serious damage to eyes.
  Inhalation may provoke the following symptoms: Cough. Irritation to respiratory system.
  Treat symptomatically. No information available.
### 5. FIRE FIGHTING MEASURES

**Type of hazard:**
The product is neither explosive nor combustible and is also not oxidising in relation to other materials. When exposed to high temperatures may produce hazardous decomposition products such as carbon monoxide and dioxide, smoke.

**Fire hazard properties extinguishing media & methods:**
The product is not flammable. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

No special measures required.

### 6. ACCIDENTAL RELEASE MEASURES

**Procedures to be covered:**

**Environmental Precautions**
The product should not be allowed to enter drains, water courses or the soil. If the product contaminates rivers, lakes or drains inform respective authorities.

**Methods for Cleaning Up**
Use mechanical handling equipment.
Moisten and remove.
Avoid whirling up dust-vacuum-clean rooms instead of sweeping. DO NOT use compressed air for cleaning purposes.
Dispose contaminated material as waste according to section 13. Clean contaminated surface thoroughly.

### 7. HANDLING AND STORAGE

**Handling Practices:**

**Advice on safe handling**
Avoid dust formation. Use respiratory protective device against the effects of dust.
When handling sacked goods and using of open mixing containers, first pour in water, then carefully allow the dry mortar to run in. Keep fall height low. Start-up mixer slowly.
DO NOT press empty sacks or compact in e.g. Larger sack.
Large loads of over 25kg should be moved not by hand but with the aid of mechanical equipment only. Depending on the employee’s age, gender and constitution and the frequency with which loads are lifted and carried, they may also induce a high level of strain at lower weights.
Provide sufficient air exchange and/or exhaust in work rooms.
DO NOT re-use empty containers.

Wash hands before breaks and at the end of workday.
When using do not eat, drink or smoke.
Avoid contact with the skin and the eyes.
Remove and wash contaminated clothing before re-use.

**Storage:**

**Requirements for storage areas and containers**
Store in original containers.
Keep in a dry place.
Further information on storage conditions
Protect from humidity and water.
Manufacturer’s notes on storage conditions and product life must be observed.
Advice on Common Storage
No materials to be especially mentioned.
Specific Use(s)
For further information, also see the Technical Data Sheet.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Workplace exposure guidelines:
Note: Contains no substances with community workplace limits. Observe country-specific regulations

<tbody>
<tr>
<td>Quartz (particle of sand &lt;12 μm less than 1%)</td>
<td>14808-60-7</td>
</tr>
<tr>
<td>Additional advice</td>
<td></td>
</tr>
<tr>
<td>Longer and/or strong inhalation of alveolae penetrating fine quartz dust can lead to pneumoconiosis, also known as silicosis. The effect of quartz dust (including cristobalite, tridymite) occurs over a long period of time and is significantly dependent on the dust exposure dose, which in turn is dependent on the average dust concentration (respirable fraction) the individual is exposed to over a long period of time.</td>

Personal protective equipment (PPE):
Washing occasion / water for cleaning of eyes and skin should be present.
Maintain air concentrations below occupational exposure standards.

Specification for equipment:
Respiratory Protection
Avoid inhalation of particles.
Mixing and transferring dry mortars in open systems: Compliance with the maximum permissible levels at the workplace is to be ensured by effective dust control measures, e.g. local extraction devices. Where this is not possible, particle-filtering half masks of type FFP2 (tested in accordance with EN149) are to be used.
Manual working of ready-to-use mortar: No respiratory protection necessary.
Machining of mortar: No respiratory protection necessary.

**Hand Protection**
Nitrile coated cotton gloves
Break through time: 480 min Minimum
Minimum Thickness: 0.8 mm
e.g. KCL 102 Sahara® Top (Kächele-Cama-Latex GmbH, Hotline: 0049(0)6659-87-300, kcl-uk@kcl.de), or equivalent. Gloves to afford protection from chemicals (cat. III) are not required.
After washing hands replace lost skin oils with oil containing skin creams. Take note of the information given by the producer concerning permeability and break through times, and of special work place conditions (mechanical strain, duration of contact).
The choice of an appropriate glove does not only depend on its materials but also on other quality features and is different from one producer to the other.

**Eye/Face Protection**
Wear tightly fitting safety goggles.

**Body Protection**
Long sleeved clothing

**General hygiene:**
Wash hands before breaks and at the end of the workday.
Remove and wash contaminated clothing and gloves, including the inside, before re-use.
Avoid contact with the skin and the eyes.
Keep away from food, drink and animal feeding stuffs.
When using, **DO NOT** eat, drink or smoke.

Material Safety Data Sheet

StoLevell Novo

Density: Not applicable
Solubility(ies)(Water): Slightly soluble
Partition coefficient: n-octanol/water Not determined
Auto-ignition Temperature: Not auto-flammable
Ignition Temperature: No data available
Decomposition Temperature: No data available
Viscosity: (dynamic) Not applicable
Explosive Properties: Not explosive
Oxidizing Properties: Not applicable
Flow Time: No data available
Bulk Density: Ca. 0.70-1.00 kg/m³ at 20°C

10. STABILITY AND REACTIVITY

Thermal decomposition: No decomposition if stored and applied as directed.

Hazardous reactions: Fire will produce dense black smoke containing hazardous combustion products.

Hazard decomposition: No decomposition if stored and applied as directed.

11. TOXICOLOGICAL INFORMATION

Data and interpretation:

- Acute Oral Toxicity
  Based on available data, the classification criteria are not met.

- Acute Inhalation Toxicity
  Based on available data, the classification criteria are not met.

- Acute Dermal Toxicity
  Based on available data, the classification criteria are not met.
  Skin Irritation
  Causes skin irritation.
  Eye Irritation
  Causes serious eye damage.

- Respiratory or Skin Sensitisation
  Based on available data, the classification criteria are not met.

- Germ Cell Mutagenicity – Genotoxicity in vitro
  Based on available data, the classification criteria are not met.

- Germ Cell Mutagenicity – Carcinogenicity
  Based on available data, the classification criteria are not met.

- Reproductive Toxicity – Effects on Fertility
Based on available data, the classification criteria are not met.

**Reproductive Toxicity – Developmental Toxicity**

Based on available data, the classification criteria are not met.

**STOT – Single Exposure**
May cause respiratory irritation.

**STOT – Repeated Exposure**
Based on available data, the classification criteria are not met.

**Aspiration Hazard**
Based on available data, the classification criteria are not met.

**Human Experience**
Cement may exacerbate existing illnesses of the skin, eyes and respiratory passages, e.g., in case of pulmonary emphysema or asthma.

**Other Information**
The product itself has not been tested. The mixture is classified in accordance with Annex I to EC Directive 1272/2008.

### Components:

<table>
<thead>
<tr>
<th>Component</th>
<th>Skin Corrosion/Irritation: Causes skin irritation</th>
<th>Serious Eye Damage/Eye Irritation: Causes serious eye damage.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Portland Cement</td>
<td></td>
<td></td>
</tr>
<tr>
<td>Calcium Hydroxide</td>
<td>Species: Rabbit - Causes skin irritation</td>
<td>Species: Rabbit - Causes serious eye damage.</td>
</tr>
</tbody>
</table>

**STOT – Single Exposure:**
Exposure routes: Inhalation - May cause respiratory irritation.

**12. ECOLOGICAL INFORMATION**

**Eco-toxicological effects:**
Do not empty into drains.
Eco-toxic effects, in particular aquatic toxicity, are only possible when larger quantities are released into water resulting in a change of the pH value.

**Toxicity:**
Product: Toxicity to Fish
No data available

**Persistence & Degradability**
Product: Biodegradability
No data available

**Bio accumulative Potential**
Product: Bioaccumulation
No data available

**Mobility in Soil**
Product: Mobility
Not Applicable

**Results of PBT & vPvB Assessment**
Product: Assessment
This substance/mixture contains no components considered to be either persistent, bioaccumulating nor toxic (PBT), or very persistent and very bio accumulative (vPvB) at levels of 0.1% or higher.

**13. DISPOSAL CONSIDERATIONS**
Material Safety Data Sheet

StoLevell Novo

The user is responsible for proper coding and marking of any waste. Dispose of as special waste in compliance with local and national regulations.Opened and leftover materials can be used later. Only materials no longer suitable for use should be mixed with water and allowed to harden. Hardened material can be disposed of as normal trade or site waste. Unhardened leftover product should be disposed of under the recommended waste code.

Un-cleaned packaging: Empty packaging should be recycled through disposal systems.

Code of waste (EWC): 17.09.03*: other construction and demolition waste (including mixed waste) containing hazardous substances. (*) hazardous waste in terms of the European directive 91/689/EEC

14. TRANSPORT INFORMATION

Overland transport: Not dangerous goods in the meaning of ADR/RID, ADNR, IMDG-Code, ICAO/IATA-DGR

Shipment by sea: (IMDG/GGVSee) Not dangerous goods in the meaning of ADR/RID, ADNR, IMDG-Code, ICAO/IATA-DGR

Air transport: (ICAO/IATA) Not dangerous goods in the meaning of ADR/RID, ADNR, IMDG-Code, ICAO/IATA-DGR

Remarks:

15. REGULATORY INFORMATION

HSNO approval number: Non Hazardous according to NZ HSNO Regulations

HSNO controls: Non Hazardous according to NZ HSNO Regulations

Occupational restrictions: Non Hazardous according to NZ HSNO Regulations

16. OTHER INFORMATION

Miscellaneous information: It is possible in the interim period that you will find different markings on packaging compared with the Material Safety Data Sheet until stocks have been depleted. We ask for your understanding in this matter.

Changes from the previous version are indicated with markings on the left. The details in this Safety Data Sheet are equivalent to our current knowledge and comply with the national as well as the EC legislation. The working conditions of the user however escape our knowledge and control. The user is responsible for the observance of all necessary legal regulations. The details in this Safety Data Sheet describe the safety requirements of our product and are no guarantee for the product characteristics.
